The outlook for the Pike's Peak centennial is excellent, I stated the case to the president and requested his co-operation in making it a celebration of a distinctly military character and national in its scope. The president expressed great interest in our plans and approved of them heartily. He personally directed Secretary Taft to join in co-operation to the power. ### Prominent Presbyterians Say Two Churches Will Be Merged Today.

ST. LOUIS, Dec. 28. "There is no danger whatever that union between the Northern Presbyterian and Cumberland Presbyterian churches will not be effected," said Rev. Dr. W. H. Roberts of Philadelphia, chairman of the Northern Presbyterian general committee tonight at the close of the day's proceedings at the Southern hotel. "We are simply waiting for all details to be arranged by the sub-committee of the two churches. The real work will be accomplished tomorrow."

Rev. Dr. W. H. Black of Marshall, Mo., chairman of the Cumberland Presbyterian general committee, expressed the same sentiment.

"There is not the slightest doubt that the union of the two churches will be accomplished. Everything will be done tomorrow," said he. The members of the two general committees sharply waited in the parlors of the hotel today while the two sub committees were hard at work all day preparing preliminary details for the formal union of the two churches. At 6 o'clock all the delegates representing both churches ... and after ...

NEBRASKA CITY, Neb., Dec. 28.—Physicians in attendance on Joy Morton said tonight that there had been improvement in their patient's condition during the day and they regarded the worst as over, but the crisis would not be passed until tomorrow. The skull, the doctors said, has not been fractured and no operation will be necessary. The blood clots being absorbed by natural process. Mr. Morton is conscious. His physician will be with him at the bed and the doctors say he cannot leave his bed for weeks.

Neither Paul Morton nor Mark Morton will be sent for unless there is a change for the worse.

# FOOTBALL MEETING

Sixty-eight Institutions Take Part---Reform Is the Slogan.

## COLORADO COLLEGE

REPRESENTED BY DR. FLORIAN CAJORI RESOLUTIONS FAVORING MODIFICATION OF RULES ADOPTED.

NEW YORK, Dec. 28. A concerted movement toward reforming the game of football in the colleges and universities of America was begun today when representatives of 68 institutions of learning gathered to get together in regard to the adoption of rules and an organization of them that will expel players who break the laws governing the game, do away with mass formations and secret plays, officials for approval, legislation.

The conference has effected a permanent organization and appointed a rules committee of seven which will cooperate with the representatives of Yale, Princeton, Harvard, Pennsylvania, Cornell, Annapolis and Chicago university, constituting the existing committee on rules, asking for its amalgamation with that body. None of the above mentioned universities was represented at today's meeting. If they refuse to join with the committee appointed today the latter will put in force such rules and formulate rules for the guidance of the institutions applying to it for membership.

The committee on rules elected by the conference is composed of R. H. Dorrance, Lehigh university; Walter Camp, Yale; Dr. Henry L. Williams, Columbia; W. C. Rafferty, Stanford university; Dr. Harry Williams, Minnesota; Dr. Henry Beach Needham, New York city; Dr. Henry L. Smith, Indiana university; Dr. Henry Suzzallo, University of Washington; Dr. Henry Wade Rogers, Northwestern university; Dr. Henry S. Pritchett, Carnegie institution; Dr. Henry M. Thomas, Haverford college; Dr. Henry Van Dyke, Princeton university; Dr. Henry Tatlock Fowler, University of Virginia; Dr. Henry Hibbard, Wesleyan university; Dr. Henry Wade Rogers, Northwestern university; Dr. Henry S. Pritchett, Carnegie institution; Dr. Henry M. Thomas, Haverford college; Dr. Henry Van Dyke, Princeton university; Dr. Henry Tatlock Fowler, University of Virginia; Dr. Henry Hibbard, Wesleyan university.

Among the institutions represented at the conference were the University of Colorado and Kansas and Colorado college, of Colorado Springs the latter by Prof. Florian Cajori.

SYRACUSE, N. Y., Dec. 28. President Jacob Gould Schurman, of Cornell university, in an address before the Associated Academic principals of the state of New York tonight placed himself on record as a strenuous friend of football, declaring that the recent criticism of the game is not justified and treats it as at least one sided and unfair.

President Schurman urged that the game should not be abolished, saying that the game is an ideal one for the development of the young and of the American people throughout.

## WOMEN'S GAMBLING HOUSE IS RAIDED

According to the police, the women who frequented the house were wealthy and prominent society women who went to the place in automobiles.

The inspector was greatly pleased three days ago at seeing in the apartment for a French maid at work on the supposed gaming device, the detectives lost no time in hauling it away to headquarters, where it was found to be a roulette wheel. Detectives who could speak both French and English, and she had little trouble in getting the job.

Promptly at one hour agreed upon this young woman threw open the door and the three detectives rushed in. They found three telephones working, a rare art New Orleans belle called off and eighteen expensively dressed women studying dope sheets and race charts.

The invasion caused a panic among the women patrons, whose names and addresses were taken by the police.

Catherine Hoddy, accused of being the proprietress of the place, and three employes were arrested.

## Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is convincing proof that the kidneys or bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer and overcomes that unpleasant necessity of being compelled to go often during the day and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty cent and one dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N.Y. When writing mention this paper and don't make any mistake but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

The lower classes are reported as enraged at the account of the revolutionists for overthrow the emperor and even with the best precautions it may be impossible for the authorities to restrain the fury of these classes, once the opportunity is offered them.

Four thousand strikers marched out of Moscow and completely destroyed several miles of the railroad track between St. Petersburg and Moscow, 30 miles outside of Moscow, in order to prevent the arrival of troop trains bearing the Semonovsky battalion of the horse guard and the trains backed 20 miles to Klyazma, where it is understood the troops will proceed on foot for their destination.

## THE RUSSIAN ARMY.

IN ALL the dispatches dealing with the Russian revolution, nothing has been said about the troops returned from Manchuria. It has been assumed that at least a part of the immense army under the command of General Linevitch has been brought back to Russia, but if so, these soldiers have played no part whatever in the uprising. The government has relied almost entirely on Cossacks and Imperial guards as the only regiments which could be depended upon in time of emergency.

Now comes a statement from Colonel John Van R. Hoff, of the medical corps of the United States Army, who represented our government in Manchuria last year, when clears up the mystery concerning the disposition of the Far Eastern army. Colonel Hoff declares that Russia has not only failed to withdraw any troops from Manchuria, but has actually sent two full army corps to the [illegible] [illegible] 1,337,000 Russian soldiers in Europe [illegible] [illegible] 1,000,000 [illegible] [illegible] when the war broke out. [illegible] Colonel Hoff says that the troops could have been withdrawn if the government had so desired, for the Trans-Siberian Railway is capable of transporting 10,000 men a day back to Russia.

NEW VEIN FOUND ON MABEL M. PROPERTY

Special to The Gazette.

CRIPPLE CREEK, Dec. 28.—A vein of good size has been cut by Murray and associates in sinking a prospect at a point 40 feet west of the shaft on the 100-foot level of the Mabel M. property. While cutting on the hill where all the ore is now mined in lead, but better gold values are being found. The opinion is the ledge will widen. At the junction of these bodies it is felt that a large shoot will be found.
